## PDF Product Catalog

### Information Series

This is a collection of MDS America MVDDS products. While this is only a subset of available products, this catalog allows prospective customers to view some of the necessary components used in building a successful MVDDS transmission system.

For your convenience, the catalog has been split into three sections; the **Radio section** which contains products used for Radio distribution,

the **Data section** which pertains to High speed Broadband,

and the **Video section** which contains products used in the reception, manipulation and retransmission of Video content.

For more information please contact your local sales rep. or visit the MDSA website.
